

# Virtual Exhibition & Sponsorship

Virtual Exhibition Branding, Networking and Speaking Opportunities include:

- A dedicated page on the web based virtual conference platform
- Your logo included alongside the other exhibitors, sponsors and supporters
- Links to your website, literature, media files
- Product or Service Demos
- Live speaker slots in the main programme to present your product
- Access to all presentations and participation in the live Q&As and polling
- On the day access to chat with delegates and speakers virtually

# Virtual Exhibition & Sponsorship

We are currently holding all our conferences virtually online. Virtual attendance provides delegates and exhibitors with the full conference experience from their workplace or home. We want to ensure exhibitors and sponsors are still able to engage with our audiences. Delegates that have already attended our virtual events have said:

*“I was surprised at how good it was to do it online. I was especially wary of doing a whole day, but it didn’t feel onerous at all.”*

*“The virtual experience worked very well, enjoyed the breakout sessions for discussion.”*

*“I think the online format has worked much better overall than in person, it’s made it much easier to make notes, cross reference stuff online etc throughout, and the breakout rooms worked well”*

## Virtual Exhibitor Package - £1000

- A page on our landing page’s exhibition area including logo, link to your company, company overview and video – and any other resources you wish to add
- Optional breakout rooms throughout the day where delegates can meet with you
- A 10 minute presentation within the conference programme
- Your logo and information on the brochure and supporting marketing emails
- Delegate information post conference (subject to opt outs and GDPR restrictions)

Our conferences provide organisations working in the healthcare sector with a unique opportunity to promote products and services, through engagement with decision-makers and their target audience of potential customers in the healthcare industry. With each conference attracting a targeted audience of healthcare professionals with specialist interest in our conference themes, we provide a highly cost effective marketing channel.
